MEMORANDUM FOR: A/DDP/A

SUBJECT:

REFERENCE: Memorandum for DD/P, dated 3 March 1960,  
from Inspector General, same subject

1. Herewith is a memorandum from the IG in effect recommending that we give greater emphasis to our activities in the [ ] Program and that these activities be planned by us with broad rather than limited objectives in a manner that will yield just as many advantages and points of entry into other governments as possible. I am in accord with this view and also with the IG's opinion [ ]

2. I am passing this to you for consideration and discussion with other interested officers precisely because the IG's suggestions relate less to the detailed manner in which existing [ ] projects are being carried on [ ]. I would suggest that you discuss this matter rather fully with [ ] before he leaves on his trip to the Far East since one of his main purposes is to review our activities in the [ ] Program. I hope at the same time you will discuss it with Mr. Angleton. Would you let me know of any suggestions that emerge from these discussions for new activities we might undertake or for possible improvements in our way of handling projects of this type.

RICHARD M. BISSELL, JR.  
Deputy Director  
(Plans)
